NC STATE Sustainability

Tour Talley's Rooftop Garden

Friday, June 22

Two Tour Times: 8 - 8:30 am and 8:30 - 9 am

Meet at Talley Student Union (Suite 5230)

Sustainable agriculture is through the roof at NC State, where Talley Student Union features a rooftop garden. On Friday, June 22, you can join fellow members of the NC State community for an exclusive tour of the garden with one of its creators, faculty member Anne Spafford. Learn more about the project, what's grown and why. Plus, celebrate National Pollinator Week by learning about pollinators that use the garden.

RSVP Online

This event is sponsored by the Sustainability Partners program, a partnership between NC State Staff Senate and the University Sustainability Office to raise awareness about sustainability on campus and beyond. go.ncsu.edu/sustainabilitypartners
